

Lilith's life is starting to work out for a change. Her relationship with alpha werewolf Marco is going great. There's only one problem: Dracula is dying. Not from lack of blood, but for her love. Dracula would never ask Lilith to risk her happiness for him and so he suffers in silence. That is until Lilith finds out. She must come to terms with her feelings for Dracula and realize that the vampire is just as much a part of her as Marco. But if she accepts this, where does that leave the wolf king? **WARNING:** This book contains graphic violence, graphic language, and graphic sex with more than one partner. Oh, and more wicked sexy characters than can be listed here.
