

Tall, Dark and Alpha Werewolf is exactly what she desires and everything she fears. Full-figured nurse January Cabot wants the same things many other women want, but she's stuck between two worlds, too human to mate into a werewolf pack, but too werewolf to marry a human man. Life is an endless, grueling cycle of 12-hour shifts and 72-hour bouts of Heat, the sexual frenzy that afflicts werewolf females once every month. Predictable, unchanging, soul-crushing until alpha werewolf Thomas Becker prowls into her life and brings the Peace River Guardians pack with him. This 19,000-word episode is the first installment in DESIRED BY THE PACK, a paranormal romance that follows the complex relationship between January and the Peace River Guardians werewolf pack. Love scenes are fully realized and at times include explicit language. Some love scenes in the series also feature multiple partners in their human and wolf forms. Intended for readers 18+.
