

DETACHED! SURVIVING REACTIVE ATTACHMENT DISORDER is the true story of a young boy who never attached or bonded with his alcoholic mother. He felt unloved, uncared for, unsafe, sad, lonely and extremely angry. As he grew up, he, like most Reactive Attachment Disordered kids, acted out, exhibiting severely antisocial, even violent, behavior. You'll travel back in time to view a young child's life through his own eyes. You'll see an innocent boy become a severely emotionally disturbed teen. Then, against all odds, you'll read about miracles few ever thought possible.
