

The Elemental World just became more complicated... Some say history repeats itself, but for Terran, an Earth Elemental, history has returned and slapped him in the face. Along the Willamette River in Portland, Oregon, the Acobi Fallen Angels have decided to go underground—literally. Resurrecting an ancient legend, the evil Acobi are trapping underage girls and shanghaiing innocent humans into slavery. Terran must stop the Acobi and keep the public away from the Shanghai tunnels, all while keeping his supernatural powers hidden. Kelly Habersham, overachieving real estate developer, has finally convinced her father and brothers to give her the Portland condo project, which would require extensive construction near the tunnels. Determined to impress her father and make a name for herself in the family business, she is not about to let a Save-the-Earth guy get in her way. Terran and Kelly must work together and come to a truce—or they may become casualties in another war between good and evil. Earthbound is part of a paranormal romance series for adults by Elaine Calloway. Set in Portland, Oregon, this book is Terran's journey as an Earth Elemental. Other books in the Elemental Clan Series by Elaine Calloway include: *Water's Blood* - book one *Raging Fire* - book two *Windstorm* - book four *Penance* - book five - this will release in 2016. Elementals and Fallen Angels square off in a battle of good versus evil. Who will win this challenge? ~~~ Reviews While I've come into this series via the third book, Earthbound is the type of story that truly does stand alone. It does give the reader insights on certain things from previous books, at least from what I've been able to glean while reading. That's a good thing, of course. I enjoyed getting to know Terran and the other Elementals that popped up in this story. The twist on good versus evil is certainly refreshing. Definitely looking forward to catching on the previous books as well as what's to come in the future for this series. - Lissette This book was awesome. I thought the story line was very unique. I haven't come across anything like this. I like that the hero didn't fall right in love with the girl. He chose someone else and you got to watch him realize what he wanted. I also liked how the heroine didn't sit around with poor me syndrome. Between the Elemental and Fallen Angels it was a great story. - Genice ~~~ Elaine Calloway is originally from New Orleans and can still do a Cajun accent upon request. She writes paranormal romance for adults and paranormal fantasy books set in New Orleans, New York, and other iconic cities.
