

Recent advances in parasitological research have resulted in new, promising insights in the fight of parasite versus host. The Encyclopedic Reference of Parasitology, which is the completely revised second edition of Parasitology in Focus gives a comprehensive review of the facts and trends in veterinarian and human parasitology. In addition to the authors of the first edition, several internationally renowned specialists have been added. The book is now an Encyclopedic Reference, with all keywords and terms arranged alphabetically in the form of standardised entries. This enables information to be accessed more directly and much faster. The enclosed CD-ROM includes the full texts and all illustrations from both volumes, all fully hyperlinked, and has the added advantage of allowing rapid electronic searching.

Cape Cod, Marthas Vineyard, Nantucket 95: With the Best Beaches, Shopping and Dining (Gold Guides), Oxford Bookworms Playscripts: Stage 1: 400 Headwords The Butler Did It and Other Plays, English seamen in the Sixteenth Century: lectures delivered at Oxford , Easter Terms 1893-4, The Citadel, Rum & Reggae Rio de Janeiro (Rum & Reggae series), 50 Amazing Minecraft cheats and tricks to beat your friends!,
