

Will Axel steal this thief's heart? Axel's got a score to settle. Growing up, Axel dreamed of living a normal life as a law-abiding citizen with a good woman at his side. But life has a way of kicking your dreams in the teeth. Now he owns Seventh Circle Motors and spends his days working on cars and his nights by himself. The Four Horsemen have been blackmailed into a partnership with a bootlegger and mobster, Byron Beauregard. As the new club president, Axel wants to shut that down. Charlie's got a grudge of her own. Charlie Nash has been getting a five-fingered discount ever since she was a little girl. Her father, a master thief, trained her to be the best and she always gets the job done clean and quick. After catching her squatting in the club's hotel, the MC asks her to steal from Beauregard. Can she make time for love when she's got her own score to settle with the Dixie Mafia?
