

Kirov Saga: Men Of War Kirov returns home to a changed world in the year 2021, and as the Russian Naval Inspectorate probes the mystery of the ship's disappearance, Anton Fedorov begins to unravel yet another dilemma—the secret of Rod 25. The world is again steering a dangerous course toward the great war that blackened the shores of a distant future glimpsed by the officers and crew. Fedorov has come to believe that time is waiting on the resolution of one crucial unresolved element from their journey to the past—the fate of Gennadi Orlov. Join Admiral Leonid Volsky, Captain Vladimir Karpov and Anton Fedorov as they sleuth the mystery of Orlov's fate and launch a mission to the past to find him before the world explodes in the terror and fury of a great air and naval conflict in the Pacific. It is a war that will span the globe from the Gulf of Mexico to the Middle East and through the oil rich heart of Central Asia to the wide Pacific, but somehow one man's life holds the key to its prevention. Yet other men are aware of Orlov's identity as a crewman from the dread raider they came to call Geronimo, and they too set their minds on finding him first—in 1942! Men of war from the future and past now join in the hunt while the military forces of Russia, China and the West maneuver to the great chessboard of impending conflict.
