

When Stella Jo Chandler gets an offer to work at the Second Chance Ranch celebrity rehab facility right after graduating from Texas A&M, she's tempted to turn it down. She wants to help real people with real problems, not spoiled celebrities going on vacation for publicity. But growing up on her family's ranch left her with a love of horses that draws her to the opportunity. How bad can babysitting a bunch of strung out celebrities be? What she didn't count on was being roped into a tangled mess with infamous rocker and three-time rehab drop out Van Ransom on her first day. And she sure didn't expect to feel the overwhelming attraction that pulls her to the man who has more issues than she can count on both hands. Like the hotel rooms and tour buses he's famous for trashing, the havoc he could wreak on Stella's heart would be irreparable. Van isn't at Second Chance for publicity or because he's suffering from "exhaustion". He's on the brink of destruction, and he needs the kind of help Stella isn't sure she can give. But without her, he'll lose everything. Because he's on his last second chance.
