

This level is perfect for four-year-olds or those who can recognize some or all letters but are not yet reading alone. Each set of four books contains characters such as a mother goose and her young or a small child learning about the world, so that early readers can develop sight recognition from book to book. Charming illustrations capture the imagination of young children and encourage them to return to those stories again and again.Â Al paso es para los ninos que reconocen todas las letras. Las historias estan agrupadas de cuatro en cuatro con un mismo personaje. Una gansa y sus crias y un bebe pequeno ofrece una narracion distinta. La calidad de las historias se completa con las ilustraciones bellas y la variedad de temas.
