

A thriller loaded with international intrigue from mystery master Lawrence Block. Struggling folksinger Ellen Cameron can't believe her luck. Not only is the State Department sponsoring her trip to West Berlin, but her agent has arranged for her to tour Ireland. It's just the break she needs. And better yet, she's meeting the friendliest and most interesting people on her trip, from a kind priest on the plane to a handsome American studying abroad. But things - and people - aren't always what they seem, and her European adventure could turn out to be the type of international affair she never imagined. LB says: This book was originally published by Lancer Books under the pen name Anne Campbell Clarke, a pseudonym I never used before or since. I'd been engaged to write a romantic espionage novel in the tradition of Helen MacInnes, and chose Ireland as a setting, being familiar with the countryside and with the folk music. I had a good time writing it, but of course that's no guarantee you'll have a good time reading it. But I certainly hope you do. This Classic Crime Library edition of Passport to Peril includes as a bonus the first chapter of the next book in the series, Ariel.
