

Max Brands classic western reimagined as an epic fantasy that brings Greek Mythology to the 19th Century American Frontier! Red Pierre blazed a trail of vengeance that stretched from the frozen Canadian tundra to the scorching desert of the American South West searching for the half-man half-Nightfallen gunfighter that murdered his father. Possessed with a supernatural power, McGurk survived hundreds of gunfights without a single scratch, but he never faced anyone like Red Pierre - A Sunslinger with the power of Promethean fire. After six years of riding outlaw with the Jim Boone gang, the only thing standing between Pierre and McGurk is a remarkable woman with power and secrets of her own. Filled with action, adventure, romance and thrills, Sunslinger: Riders of the Silences transports readers to a very different version of the American Wild West where outlaws undertook Herculean quests to rival those of ancient Greek myth.
