

She stepped through the doors of eternal night. Now the king of the night won't let her go. Two months have passed since the collapse of the overpasses. Finally, Kali and her family—friends included—have moved into a new house to begin their lives afresh. Kali has had the chance to consider her feelings for Yuuhi and her more intimate desires. She's survived bullets and crushing rubble, yet the question of sex still turns her bright red. But the river has been flowing silently. War trickles into the cracks of the city and floods their lives when something arrives at their doorstep that promises to take away the very people Kali fought to protect. An army will come for them—an army they can't conquer, not as they are. The impervious law of the Vampire Alliance Court will crush them. It's then that Kali realizes Cassius has ensnared them all. He's had them since the beginning. And only the gods can help them now.
