

The dwarven saga begins! Roskin, heir to the throne of a remote, peaceful kingdom of dwarves, craves excitement and adventure. Outside his own kingdom, in search of fortune and glory, he finds a much different world, one divided by racial strife and overrun by war. The orcs to the south want to conquer all dwarves and sell them as slaves. The humans to the east want to control the worlds resources. Caught in the middle, Roskin finds himself chased by slave traders and soldiers alike as he discovers that friendship is the best fortune of all. Just when he thinks he has triumphed, an act of betrayal sends him into bondage. His only hope of escape is the faltering courage of a disgraced warrior whose best days are behind him...
