

The Internet: A Philosophical Inquiry develops many of the themes Gordon Graham presented in his highly successful radio series, The Silicon Society. Exploring the tensions between the warnings of the Neo-Luddites and the bright optimism of the Technophiles, Graham offers the first concise and accessible exploration of the issues which arise as we enter further into the world of Cyberspace. This original and fascinating study takes us to the heart of questions that none of us can afford to ignore: how does the Internet affect our concepts of identity, moral anarchy, censorship, community, democracy, virtual reality and imagination? Free of jargon and full of stimulating ideas, this is essential reading for anyone wishing to think clearly and informatively about the complexities of our technological future.

Minimalist Living Box Set (3 In 1): A Step By Step Guide With Tips On How To Live A Minimalist Lifestyle (Simple Living, Living Off The Grid, Tiny House Living For Beginners, Ultimate Preppers Guide), THE WARDEN, New Edition: The CHRONICLES of BARSETSHIRE, Patrick Henry: Orator and Patriot (Our People), The Sunset Limited: A Novel in Dramatic Form, Reminiscences on a string: Life Experiences in a Poetic Form, Raise the Dead #2 Cover A by Arthur Suydam (The Road to Hell), Recueil de lettres sur la peinture, la sculpture et l'architecture: Ecrites par les plus grands maitres et les plus illustres amateurs... ed., trad. et enrichi de notes par L.-J.
