

The story of every Chosen One begins with a choice! Ted Finley is the living soul, a human imbued with powerful abilities meant to save the world. But Ted wasn't always the first choice for the job. When Ted wakes up in a seemingly impossible scenario, he has no idea he's in the first phase of a trial that will test his heroism. Three candidates enter the test, but only one will be deemed worthy of the power. It doesn't take long to identify the top candidate to keep the world alive: Ted's ex-girlfriend Natalie! The Soul Choice is a prequel novella to the Ted Saves the World series, a saga of sci-fi fantasy novels. If you like page-turning action, blood-curdling horror, witty one-liners, and a dash of romance, then you'll love this novella and the series at large. Check out The Soul Choice to learn how the tale truly began. Buy the book to get Ted's whole story today!
