

An intoxicating collection of short fiction by one of the most beloved writers of our time—available for the first time in ebook. Eva Luna is a young woman whose powers as a storyteller bring her friendship and love. Lying in bed with her European lover, refugee and journalist Rolf Carle, Eva answers his request for a story “you have never told anyone before” with these twenty-three samples of her vibrant artistry. Interweaving the real and the magical, she explores love, vengeance, compassion, and the strengths of women, creating a world that is at once poignantly familiar and intriguingly new. Rendered in her sumptuously imagined, uniquely magical style, *The Stories of Eva Luna* is the cornerstone of Allende’s work. This treasure trove of brilliantly crafted stories is a superb example of a writer working at the height of her powers.
