

The author returns to his natural element to show how to successfully complete construction tasks and apply DIY creativity to make the most of the garden's fences, patios, planters, pergolas, and water features galore! With additional advice on security, plus general maintenance and repairs to the exterior of a property, this book will help those who want to fix up the garden but don't know where to start. Projects include building a stone wall, erecting a panel fence, laying a patio, laying a path and steps, laying timber decks, building an arbor, building a raised flowerbed, constructing a window box, constructing a bench, repairing exterior paintwork and brickwork, and clearing drains.
