

Recunoscut astazi ca unul dintre romanele cult din literatura americana si una dintre capodoperele clasice ale erotismului, Tropical Cancerului a aparut initial la Paris in 1934, fiind interzisa mai bine de un sfert de secol peste ocean. Cartea reprezinta o combinatie dezinhibata de fictiune si biografie, de naratiune si flux liber al constiintei, prezentind cu dezinvoltura aventurile adesea licentioase ale unui tinar scriitor american exilat in Parisul anilor 30. El duce o existenta marginala si precara, invirtindu-se prin baruri, sali de dans, bordeluri si locurile de adunare ale unei boeme adesea sordide, ale carei excentricitati si excese le inregistreaza intr-un stil precis, necrutator si complice-amuzat. Cartea isi datoreaza renumele limbajului franc si fara perdea, pasiunii cu care isi traieste naratorul momentele de disperare sau exaltare, precum si paginilor vizionare, poetice, care dau cartii o intensitate halucinanta. Tropical Cancerului este o confesiune de neuitat, poate cea mai onesta carte scrisa vreodata, un text autobiografic al unui autor considerat in America obscen si interzis ani in sir Exuberanta si vioiciunea din romanul lui Miller sint atit de izbitoare, de parca toate sticlele de sampanie din lume ar fi fost destupate in acelasi timp si toata stralucirea spiritului ar fi fost dezlantuita in paginile unei singure carti. (New York Times Book Review) Iata o carte care, daca acest lucru mai e posibil, ne poate aduce inapoi apetitul pentru lucrurile fundamentale. (Anais Nin)
