

Book Four in the Black Flagged Series With the most recent bioterrorism threat against the United States neutralized, and Dr. Anatoly Reznikov in secret custody; CIA Deputy Director Karl Berg proposes a more permanent solution to prevent future attacks. A covert raid by General Sandersons Black Flag unit deep inside Russia...to destroy a bioweapons program that should have ended with the Cold War. The United States isnt the only nation looking to tie up loose ends. The sudden abduction of a CIA officer in Stockholm exposes the Russian Foreign Intelligence Services (SVR) ruthless campaign to discover the truth behind the massacre of an elite Spetsnaz team sent to eliminate Reznikov...and permanently bury his knowledge of Vektors sinister purpose. When the SVR investigation takes a turn that could threaten the mission against Vektor Labs, Berg goes off the books like never before to even the odds. Through an intricate web of unsavory alliances, deviously orchestrated political maneuvers and shockingly brutal black-ops sanctions, Karl Berg will set in motion an unstoppable chain of events with the potential to ignite a new Cold War. Black Flagged Vektor continues the series tradition of gritty, unapologetic storytelling, plunging readers even deeper into the murky, shark infested waters navigated by covert operators and their puppet masters.
