

The debut novel in the Marthas Vineyard Eco-Thriller series, Xoc - The White Shark Murders is the story of Sam, a young marine returning from service in Afghanistan. He is looking for some R&R but instead walks into a storm of protest surrounding the annual monster shark tournament and the mob infested gambling ring that lurks in the background. As one reviewer commented: Jaws was a simple, primal conflict: man vs. shark. In Xoc, also set on Marthas Vineyard, Michael West serves up a shark tournament, eco-protesters, a shark gambling ring, corrupt officials, mobsters and, for a hero, an ex-Marine whos not quite over Afghanistan. This time, not surprisingly, its not just the beaches that arent safe. -- Jesse Kornbluth, HeadButler.com
